Tile Roofing Industry Alliance

EXPLORE UPCOMING TRAININGS: 4/29, 5/20, 6/10

For more than 4 decades, the TRI Alliance has served as the primary advocate and resource for the tile roofing industry. We regularly update our Installation Guides, Technical Briefs and Marketing Materials. Broaden your knowledge or brush up on old skills through our abundant free resources.

Read Our Latest Technical Briefs

Installation guidance for tile roofing contractors, the latest code requirements and their impact and some recommendations for flashings, underlayments, adhesives and more.

Considerations for Tile Roofs

Educational Update

TRI Alliance's certification training programs are designed to train roofers and roofing professionals in code-approved installation methods. Codes are often updated, especially in hurricane-prone and fire-prone regions, and TRI Alliance provides the latest information on rapidly changing standards and upgrades to installation techniques.

Upcoming Training Schedule

5/12: FREE TRI Short Course- Evaluating a Tile Roof: What you can see, what you can't

Every roof is different, so we will look at a variety of common items and show the value of forensic inspections that view the flashing and underlayment system of a tile roof, before prescribing a solution. We will have time for Q & A at the end of the presentation. If you have a specific question about how to evaluate a tile roof, please include it when you register.

5/20: Manual Certification Webinar

The TRI Manual Certification training is for entry level and experienced roofers, consultants, and industry professionals who work with tile roofing (outside of Florida*), and want to expand their skills. It provides a foundation of knowledge for people new to the industry and helps more experienced people gain efficiency.

6/10: 6th Edition Florida High Wind Certification Webinar

This class is for entry level and experienced roofers in Florida who want to expand their skills and understand the new codes effective with the **6th Edition FRSA/TRI High Wind Installation Manual**. The class is also helpful for roof consultants, home inspectors and industry professionals who work with tile roofing in Florida.
