Educational Update

TRI Alliance's certification training programs are designed to train roofers and roofing professionals in code-approved installation methods. Codes are often updated, especially in hurricane-prone and fire-prone regions, and TRI Alliance provides the latest information on rapidly changing standards and upgrades to installation techniques.

Check out our upcoming training courses today!

Upcoming Training Schedule

6/4: TRI Short Course - Concrete Tile Roofing Used as Siding? Plus, Roof Tile Fastening in High Wind Zones

This presentation will walk through the installation techniques, changes to the architectural details, layout for the siding installation with matching mitered corners, flashing at windows, doors, and signage, integration of the wall tiles to the roof tiles and

designing a (hopefully) bullet proof installation on a low sloped roof.

6/10: Florida High Wind Manual Certification Webinar

This class is for entry level and experienced roofers in Florida who want to expand their skills and understand the new codes effective with the **6th Edition FRSA/TRI High Wind Installation Manual**. The class is also helpful for roof consultants, home inspectors and industry professionals who work with tile roofing in Florida.

6/17: FREE TRI Short Course: Adapting to Material Shortages & Rising Costs

Guest Speaker: Trent Cotney, CEO, Cotney Attorneys & Consultants

With limited material availability and skyrocketing prices, how can roofers successfully complete their projects? Trent Cotney will help you navigate supply chain disruptions with legal and business tips.

6/30: Manual Certification Webinar

The TRI Manual Certification training is for entry level and experienced roofers, consultants, and industry professionals who work with tile roofing (outside of Florida*), and want to expand their skills. It provides a foundation of knowledge for people new to the industry and helps more experienced people gain efficiency. Those who pass the multiple-choice test can market their knowledge using the TRI Certification logo on their website and marketing materials.
