WATCH OUR LATEST TRAINING VIDEOS HERE

We want to feature your work!

Have you heard of our latest social media series- 50 States of Tile Roofing? We're featuring work from various businesses all across the United States to bring awareness that tile roofs are a wonderful choice no matter the weather. Get in on the fun and email a photo to marketing@tileroofing.org or tag us on social media.

Educational Update

TRI Alliance's certification training programs are designed to train roofers and roofing professionals in code-approved installation methods. Codes are often updated, especially in hurricane-prone and fire-prone regions, and TRI Alliance provides the latest information on rapidly changing standards and upgrades to installation techniques.

Check out our upcoming training courses today!

Upcoming Training Schedule

6/4: TRI Short Course - Concrete Tile Roofing Used as Siding? Plus, Roof Tile Fastening in High Wind Zones

This presentation will walk through the installation techniques, changes to the architectural details, layout for the siding installation with matching mitered corners, flashing at windows, doors, and signage, integration of the wall tiles to the roof tiles and designing a (hopefully) bullet proof installation on a low sloped roof.

6/10: Florida High Wind Manual Certification Webinar

This class is for entry level and experienced roofers in Florida who want to expand their skills and understand the new codes effective with the **6th Edition FRSA/TRI High Wind Installation Manual**. The class is also helpful for roof consultants, home inspectors and industry professionals who work with tile roofing in Florida.
