High Wind Installer Certification – November 12th and 14th classes

The High Wind Installer Certification class is for entry level and experienced roofers who want to expand their skills and understanding of the 5th Edition FRSA/TRI High Wind Installation manual. The class is also helpful for roof consultants, home inspectors and industry professionals who work with tile roofing. Those who pass the multiple choice test can market their knowledge using the High Wind Installer Certification logo on their website and marketing materials. See the new contractor search at www.tileroofing.org

CE Credits: Attendees that pass the test will earn 6.0 CILB General CE Credits. To receive the credit you must include your Florida License number when you register.

Pre-registration is required due to limited seating. Members of FRSA will receive the TRI member discount. If you are a member of the FRSA please check the "Associate Member" box to receive the \$199 rate. Questions? Call 206-241-5774 or email
