Winter Park, Florida 32792
(407) 671-3772 ext. 100

Continental breakfast and lunch will be provided on-site.

Register at: www.tilerroofing.org

High Wind Manual Certification - The High Wind Installation Manual Certification class is for entry level and experienced roofers who want to expand their skills and understanding of the 5th Edition FRSA/TRI High Wind Installation manual. The class is also helpful for roof consultants, home inspectors and industry professionals who work with tile roofing. Those who pass the multiple choice test can market their knowledge using the High Wind Certification logo on their website and marketing materials. They will also be listed on the TRI contractor search at www.tilerroofing.org/find-contractor.

Pre-registration is required due to limited seating. Members of TRI and FRSA who register early (up to 7 days before the class) can take advantage of the Member/Assoc. Member discounted rate of \$199. **All registrations within 7 days of the class will be charged \$299.**

CE Credits: Attendees that pass the test will earn 6.0 CILB General CE Credits. To receive the credit you must include your Florida Contractor License number when you register.

Certification Renewal - If your certification expired within the past year or is about to expire, you can attend the first 2 hours of this class and take the 15 question renewal test at the morning break. You will earn 2 CILB CE Credits, and your TRI Certification will be extended another 2 years. The in-person renewal fee is \$129.00 and includes a copy of the manual and lunch.
